eDynamic Learning Professional Development

A Partner in Your Success

As a teacher-founded company, our mission at eDynamic Learning is to partner with you to ensure you get the most important ROI — your **Return on Instruction**. We provide personalized professional development experiences to ensure you are equipped with the most relevant, research-based, teaching methods and strategies.

As educators, we know that **relevant** professional development starts with workshops that you actually want to be in - and that are designed to be **purposeful** to meet each of your unique needs and goals and recognizes your expertise. You want workshops that help you learn, grow, and even try out new instructional strategies that can be implemented in **flexible** ways.

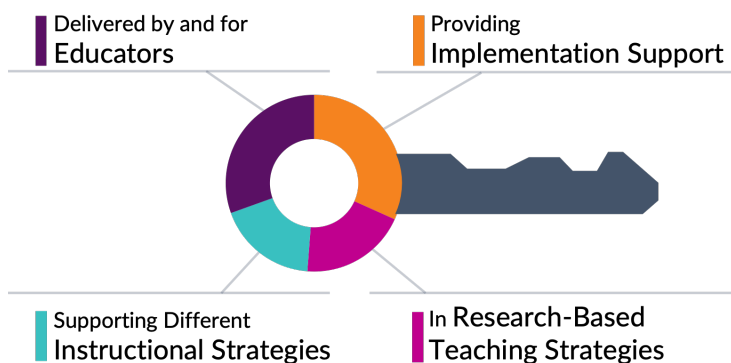

Flexible Delivery Options

eDynamic Learning's diverse course curriculum can support you through a wide variety of implementation options and through flexible online or blended learning models. Training can be tailored to address these unique district initiatives.

Keys To Success

We know that the key to any successful curriculum adoption is purposeful and relevant professional development. And research shows that when teachers feel supported, engaged, and understand the new curriculum, it results in success. This can make all the difference in your student's engagement, motivation, and achievement. Our transformative PD will be delivered by educators who can provide a wide-range of implementation support. You'll be empowered to successfully implement eDynamic Learning courses using different instructional strategies within various instructional settings, using researched-based teaching strategies.

Thoughtfully Customized Professional Development Planning

After working with our support team to onboard your students, we start with a plan. We'll work together on creating your professional development implementation strategy specifically designed to support your district's needs.

Collaborative District Needs Planning

Your eDynamic Learning team is there with you every step of the way. We begin with our **Collaborative District Needs Planning** meeting where we work with you to carefully plan your custom professional development experiences based on your goals and requirements. This is complimentary and takes place prior to the Implementation Essentials Workshop.

Supporting You a Variety of Ways

Professional Development Options

Implementation Essentials Workshop: Developing a Strong Foundation

Our professional development series begins with our **Implementation Essentials Workshop** to provide you with the foundational skills you need to start implementing eDL curriculum in your classes on Day 1. You'll interact live with the curriculum and participate in action-oriented activities, so you can hit the ground running. Exploration includes how to navigate the courses, understand the lesson structure, digital features, components for instructional support and teacher resources. This includes formative and summative assessments, rubrics, and the basics for customization.

Implementation Essentials Workshop Brick & Mortar School		Implementation Essentials Workshop Online School/Program		Implementation Essentials Workshop Instructional Services*	
On-Site EDLPD01A	Virtual EDLPD01B	On-Site EDLPD02A	Virtual EDLPD02B	On-Site EDLPD03A	Virtual EDLPD03B

* In the Instructional Services workshop, facilitators will learn more about their role and how they will support their students on a day-to-day basis and interact with the state-certified virtual instructor who will guide, monitor and grade student work.

Elevating Instructional Strategies

The next step in our professional development series offers schools a variety of options to integrate the curriculum with best practices. Our **Elevating Instructional Strategies** options give educators the skills and knowledge to hone in on specific instructional methods that make sense for their classroom or district's needs.

Elevating Instructional Strategies Blended Learning		Elevating Instructional Strategies Project-Based Learning		Elevating Instructional Strategies Differentiated Instruction

*In addition to the four options listed above, districts have the ability to customize workshops to include a variety of elements from several concepts above working directly with their eDynamic Learning Professional Development Specialist.

As educators, we celebrate your success and take professional development seriously. We want to ensure you feel excited and empowered to implement your new eDL curriculum through **relevant**, **purposeful**, and **flexible** professional development. We look forward to being your partner now and in the years ahead in helping you grow and produce a strong ROI - **Return on Instruction!**
