Need Instructional Services? We Can Help.

Expand Your Career and Elective Course Offerings with Certified Instructors

Finding highly-qualified instructors in unique subject areas can be challenging. eDynamic Learning can provide online state-certified teachers for a wide range of courses.

eDynamic Learning Instructional Services

Provide a broader range of high-interest, quality electives for students, even during staffing shortages

Connect to highly-qualified, state-certified virtual teachers who guide, monitor and grade students

Take advantage of easy teacher onboarding and implementation anytime of the year

Expand your curriculum programs and keep the FTE funding with your district

Offer your students the assistance they need to stay engaged, enrolled, and excited about their education.

10
Steps to Success

1. School notifies eDynamic Learning when a course instructor is needed

2. We host a preplanning meeting to customize the program for the district

3. We assign and notify the school of the certified virtual instructor

4. The district assigns a school facilitator(s) for the course & instructor

5. We support the enrollment process for the school/district

6. We provide an implementation/onboarding session for school staff

7. The Instructor monitors students and keeps them on track

8. Instructor/student communications include email, phone, and Zoom

9. Grades are entered based on district's expectations

10. State required reporting is provided

Benefits

○ Subject matter, state-certified instructors (many with master's degrees)

○ 93% student pass rate

○ Emails are answered by teachers within 24 hours

○ Students gain access to unique courses and can explore career pathways

○ Enables students personalized learning anytime, anywhere at their own pace

○ Parent access can be added as permitted by the school

○ Instructional Services are accredited by AdvancEd®

○ Compatible with most commonly used Learning Management Systems used by schools
