Signature\* Date: \_\_\_\_\_

**\*If filling out this form electronically, entering your name will constitute your consent.**

## PART B: QUESTIONNAIRE

### THEMATIC ESSENTIAL QUESTION\*

How are you using eDynamic Learning to guide **passion** to purpose, keep your students **engaged** and **prepare** them for their future?

*\*The Thematic Essential Question should always be at the forefront of your mind and be incorporated through your question responses.*

### SCORING FOR THE CAREER COMPASS AWARD SUBMISSION

#### APPENDIX A: SCORING RUBRIC

A scoring rubric has been designed to provide an overview of how your submissions will be judged. Please remember, we are looking for your creativity in defining your responses! In addition to the questions in the questionnaire, we recommend that you review the rubric to assist you with your responses. **All questions should be addressed with the intent of providing a clear picture of how you are using eDynamic Learning** to guide passion to purpose, keep your students engaged and prepare them for their future.

**Scoring (0 to 4 points with 0 indicating lowest score, 4 indicating exemplary score)**

**0** = Missing response.

**4** = Exceeds requirements by providing ample details to description, including but not limited to multiple, comprehensive examples and/or visual representations that support evidence. Examples may also demonstrate creative out-of-the-box thinking while still maintaining the integrity of eDL curriculum use.

**\* Any visual evidence you optionally provide cannot include images of students' faces or information, personal identifiers, or proprietary information.**

1. Describe **how** you are using eDynamic Learning to **guide passion to purpose**. How are you enabling students to explore various career options in their CTE program?
2. Oftentimes with online digital curriculum, students are left to go through the courseware with minimal involvement of the teacher. eDynamic Learning courses are different as we believe the teacher is the guide, coach, mentor and the facilitator of the instruction (*similar to if they use a textbook for instruction*). **Explain how, when, what, and where** you are using the eDL digital curriculum to provide meaningful instruction and feedback.

3. Describe the **impact** your instruction with eDynamic Learning is having on your students and **how and when** you address this. Give 1-2 examples of individual student stories.

4. Describe **how** eDynamic Learning **supports your success as a teacher**.

5. Describe **how and what** you **measure** success for your students utilizing the eDynamic Learning curriculum. How have you kept your students engaged in light of COVID through the resources in the eDynamic Learning curriculum?

6. ADDITIONAL INFORMATION (OPTIONAL)

What additional information, outside of the scope of the questions, would you like to share to enable us to learn more about your CTE program?
